

Reset Odometer and Runtimes

If an asset's odometer or runtime(s) become off within OneView, you can reset them on the asset's summary page. You may need to have this permission added to your account if you do not see the set column show in the image below. Use the set links to reset all or any of the odometer or runtimes for the asset.

Your Company » Assets » Trucks/Tractors » Mack 56 [Configure](#)

Model: 250 Year: 2012

Mack 56

Set

Close

Set (attribute row): Choose the Set link in the row of the attribute you want to reset, like just the odometer or runtime.

Odometer	89293.08 mi.	Thu 14 Jun 2018 07:34 AM	Set	CSV
Runtime	6615.97 hrs	Thu 14 Jun 2018 08:35 AM	Set	CSV

Enter New Value: For the attribute (odometer or runtime) that you are adjusting, enter the new last known value. It can be from a different day or from the current value. The next step allows you to choose the time.

Set Attribute Data ✕

Asset: Mack 56

Attribute: Last Known Odometer

New Value (mi.):

Date/Time: 6/14/18 08:39 AM

Date/Time: Click the Date/Time field to enter the date and time of that last known odometer/runtime.

Set Attribute Data ✕

Asset: Mack 56

Attribute: Last Known Odometer
